The Ring Master will be attending Trumbull Day on Saturday and will arrive at 4:45 p.m. and will be introduced at 5:00 p.m. They will be met by the Police and escorted into Hillcrest. There will not be an extra cost because police are already on duty.

The permit for the fireworks is in and Joe thanked Paul Kurtz and the Fire Marshal Megan Murphy for all their help.

The fireworks are to be delivered between 12:00 p.m.+2:00 p.m.. As soon as they are delivered there must be police and fire there. If there is rain it is advised to call Atlas and have them delayed so that there will not have to be police and fire there.

The Fire Marshal, Megan Murphy asked if the permit was changed to reflect the change in the display. It must have the type and the number on the form. It has to be updated ASAP. The Fire Marshal has flagged the fireworks area already. The time has to be confirmed and so does the number of shells. The State was there to inspect last year so you want everything done the right way. Joe Ruospo will double check.

Paul Kurtz said they can be shot off in light rain.

Scott Sikora said that the police must be cancelled by 11:00 a.m. so that there is no fee for them. There has to be a large H where the helicopter is to land. (It must be outside the fire line.)

The town has two light towers for Trumbull Day to use and we are renting the rest.

Preston wants to make the future Trumbull Day self serving. What Trumbull Day makes is what Trumbull Day will spend. The fireworks were increased this year but are not going to be to music. The finale will be better.

No power from the school. We will get generators for our power. Paul said that the generators must be staked.) # 14 Or # 12 is needed vendors need # 8) Each generator must have a fire extinguisher.

If the kids area vendors park in front of Hillcrest and will use the golf carts to bring their thing in.

Handicap parking will be at gate 3 near the Baseball field and Scott Sikora recommends 30 spots.

Rose Derrig is all set with the kids area.
